

"Hello Cedar Rapids Families!"

Need help finding quality childcare? We Can Help!

WHO WE ARE

College Sitter Contact is an online childcare service that believes you deserve to be getting the best, most reliable childcare possible. CSC started in Iowa City in 2010 and has been extremely successful!

WHAT WE REPRESENT

We are so excited to expand to your area and offer you the same great service! Every sitter featured on our site is a current or recent college student. A screening process takes place before sitters are able to create a profile with us, which includes reference checks, background checks, face-to-face interviews, and an hour-long training session.

We only feature **fun! reliable Trustworthy** sitters who have extensive childcare experience, good communication skills, and a love for children!

Once we select a sitter to join the CSC team, they are able to post their hours of availability to the site. Once registered with our site (**it's free!**) you can read about them, meet them, and view their availability before booking! It's as easy as the click of a button!

* Please contact your Community Manager, Jackie Peterson for any questions you may have at jackie@collegesittercontact.com and be on the lookout for our selection of sitters in your area!"
