Americana are a collection of artifacts, related to the history, geography, folklore and cultural heritage of the United States. We plan to celebrate the art of Grant Wood, recreating the iconic “American Gothic” using plaster, paint, and imagination! Young artists will weave a contemporary spin on arts and crafts that incorporate elements of various American roots and styles. Be prepared to get crafty and enjoy the creative American journey!

*Note: Student art work will be exhibited at the United Arts Showcase on Saturday, May 13<sup>th</sup> at Harding Middle School. Details about the exhibit will be provided by the instructor as the date approaches.*
