

# Sylvan Summer Camps

Call 319-393-0000 or visit [tinyurl.com/sylvanhiawatha](http://tinyurl.com/sylvanhiawatha)

## STEM Camps

Offered weekly Mon-Thurs, 11:00 am to 1:00 pm, June 12 through August 3<sup>rd</sup>\*

**Machine Makers** (gr. 1-3): The kids will discover the amazing world of engineering, using their imaginations to build fun, theme-based creations using LEGOs. Along the way, they'll solve problems like real engineers and learn cool new STEM skills!

**Super Structures** (gr. 3-6): The kids will explore, build and test the seven basic bridge types in the world today using K'NEX, learning concepts for a structural engineer or architect. Your child will have a new appreciation for these super structures!

\$99

## Academic Camps

### Writing Camp

(Going into grades 4-6) June 19-23rd

Join us for a writing camp to help your child learn strategic and creative writing techniques to boost confidence in Language Arts and all subject areas! Classes are 9am-11am.

### Addition and Subtraction

(Going into grades 1-3) June 26-30th

A fun approach for your child to improve understanding of basic addition and subtraction skills, while increasing speed and accuracy! Classes are 9am-11am.

\$125

### Multiplication and Division

(Going into grades 3-5) July 10-14th

A fun approach for children to improve the understanding of basic multiplication and division facts, while increasing speed and accuracy! Classes are 9am-11am.

\$125

### Fraction Action! (Elementary)

(Going into grades 3-5) July 17-21st

A fun approach for your child to improve understanding and gain confidence working with basic fractions! Classes are 9am-11am.

\$125

## Study Skills Camp

(Going into grades 6-9) July 24-28th

Students will learn critical time management, organization, and goal-setting skills to help support their learning preferences. They'll learn strategies and set goals to help start the school year with confidence! Classes are 9am-11am.

\$125

## Advanced Reading Skills Seminar

(Going into grades 7-College) July 24-29th

Students learn reading skills that can help improve speed, comprehension and recall. Our programs help students not only manage the increased workload of high school, but also help them increase scores on the ACT and sets them up for success in college and beyond. Classes are 11am-1pm.

\$150

\*no weekly camps offered week of July 4<sup>th</sup>
