

"Hello Cedar Rapids Families!"

Need help finding quality childcare? We Can Help!

WHO WE ARE

College Sitter Contact is an online childcare service, that specializes in connecting families with qualified college student sitters in a safe, convenient, and reliable way. Allowing you to sign up, search, select and schedule at the click of a button!

WHAT WE REPRESENT

Every sitter featured on our site is a current or recent college student. A screening process takes place before sitters are able to create a profile with us, which includes reference checks, background checks, face-to-face interviews, and an hour-long training session.

We only feature **fun!** **reliable** **Trustworthy** sitters who have extensive childcare experience, good communication skills, and a love for children!

Once we select a sitter to join the CSC team, they are able to post their hours of availability to the site. Once registered with our site (**it's free!**) you can read about them, meet them, and view their availability before booking!

* Please contact your Community Manager, for any questions you may have at cedarrapids@collegesittercontact.com and be on the lookout for our selection of sitters in your area!"
