

Hiawatha Summer Camps

Summer Camps - Starting at \$125

Purchase two camps and save \$25 when you register online (SUMMER25)!

*Grades entering for Fall 2018

Register online: www.sylvanlearning.com/hiawathaia/schedules

June 18-22 Grades 1-3*

<p>9:00-11:00am SUM Fun! (\$125) A fun approach for your child to improve basic understanding of addition and subtraction skills while increasing speed and accuracy.</p>	<p>11:00-1:00pm Engineering Camp - Machine Makers (\$125) Learn the basic principles behind physical science and simple machines: gears, wheels, axles, levers and pulleys. Design models based on themes (think cars, ships and all things that go!)</p>
---	---

June 25-29 Grades 3-5*

<p>9:00-11:00am Multiplication & Division (\$125) Learn the concepts behind multiplication and division and increase speed and accuracy of basic facts.</p>	<p>11:00-1:00pm Super Structures Camp (\$125) Explore, build and test the seven basic bridge types in the world today, learning concepts fit for a structural engineer or architect.</p>
---	--

July 9-13 Grades 2-4*

<p>9:00-11:00am Spelling & Handwriting Work on the formation of letters and improve spelling.</p>	<p>11:00-1:00pm STEM Camp (\$125) Explore the areas of STEM while you dive into robotics, building a simple machine, and building a basic bridge structure!</p>
---	---

July 30–August 4 Grades 7–12*

9:00–11:00am (Monday–Saturday*)

Advanced Reading Skills (\$150)

Help increase test scores and decrease homework time with this “speed reading” course. Students will learn how to increase reading speed without losing comprehension, giving them more time on tests and less time spent on homework. Camp takes place from 9-11 Monday through Saturday.

11:00–1:00pm

Study Skills (\$125)

Students will learn about goal setting, organization, managing time, grade tracking, study habits and how to stay on top of their school work in all their classes for the upcoming year!

Grades Pre–K

9:00–11:00am (July 16–July 20)

Read Ahead Part 1: Early Reading Fun (\$125)

Kids will develop the building blocks for early reading and writing skills through fun, multi-sensory activities while learning the entire alphabet in Part 1 and Part 2! Ages 4-6

9:00–11:00am (July 23–27)

Read Ahead Part 2: Cont. Early Reading Fun (\$125)

Your child will continue to build letter recognition and move their way through the alphabet for this second week of ReadAhead! Ages 4-6

Hiawatha Summer STEM Courses

STEM Courses - Starting at \$99

*Grades entering for Fall 2018

Register online: www.sylvanlearning.com/hiawathaia/schedules

Robotics 101-204: Grades 1-6*

Wednesdays from 6-8pm

June 6th - 27th

July 11th - Aug. 1st

A lively introduction to building and programming robots using LEGO®. Your budding engineer will enjoy making friends, developing new skills and having a blast with STEM!

\$99

Super Structures: Grades 3-6*

Mondays from 6:00pm-8:00pm

June 4th - 25th

July 9th - 30th

The kids will explore, build and test the seven basic bridge types in the world today using K'NEX®, learning concepts fit for a structural engineer or architect. Your child will have a new appreciation for these super structures!

\$99

Math Edge and Algebra Edge

Thursdays from 5-7pm (8 hours/month)

June 7th - August 23rd

Math Edge (Grades 1-6*): \$99/month

Students will build up their math knowledge at their pace as they dive into concepts to keep them current over summer!

Algebra/Geometry Edge (Grades 7+*): \$149/month

Students will dive into essential Geometry & Algebra concepts to give them a competitive edge for their next Geometry, pre-Algebra, Algebra I or Algebra II class!

Engineering - Machine Makers: Grades 1-3*

Mondays from 6:00pm-8:00pm

June 4th - 25th

July 9th - 30th

Children will learn the basic principles behind physical science and simple machines: gears, wheels, axles, levers and pulleys. Using LEGO® EDUCATION kits, your budding engineer will design models based on themes and they get to create their own designs too! Think CARS, SHIPS and all things THAT GO!
