Jr. Warriors is competitive youth baseball for boys ages 7 to 14 who will attend CR Washington High School. Practice begins in February with the season running from mid-April to July. Jr. Warriors play under USSSA rules locally organized by Positive Sports Training.

Tryouts are free and open to any interested boys attending a WHS feeder elementary or middle school. Players will be evaluated over several baseball skills (throwing, hitting, fielding & base running). Teams will be finalized in November. Our goal is to build as many competitive baseball teams as possible. Bring a friend or bring a bunch of friends to one of the tryout dates. **Every effort will be made to place all interested players on a team; this is dependent on player numbers to build complete teams and available coaches.**
